“Expressing confidence in and support for all members of the military, their families, and employers of members of the National Guard.”

This is a particularly dangerous time for America. As always, members of the Alaska National Guard and all branches of our nation’s active duty military are putting themselves in harm’s way around the world to make America safer.

[SJR 9:](#)

- Expresses the fact that members of the Alaska State Legislature recognize the commitment of members of the Alaska National Guard and active duty members of the military,
- Expresses our support for the men and women who defend our freedom,
- Expresses our gratitude for the sacrifices of the families and civilian employers of our men and women in uniform, and
- Expresses our hope that all members of the Guard and the active duty members of the military return safely to their families.

This resolution is the least we can do for our gallant young men and women in uniform, their families, and the civilian employers who help make it possible for members of the Alaska National Guard to defend us. I encourage your support.
