

HB 57

Sponsor Statement

“ An Act relating to the sale of certain land to adjacent landowners ”

House Bill 57 would authorize the State of Alaska, through the Department of Natural Resources (DNR) Director of Lands, to negotiate the sale of state lands smaller than 20 acres at fair market value to an adjacent landowner provided the state property is completely enclosed by the adjacent landowner. The bill would not mandate DNR to sell state property under such circumstances, but would grant it the ability to allow a landowner to purchase the state land the property encompasses.
